## 'Surgical strike' inside Myanmar by Army?

**New Delhi, Aug. 20:** A major gunbattle took place between Army troops and suspected National Socialist Council of Nagaland (Khaplang) militants along the India-Myanmar border, in the Mon district of Nagaland, on Friday. Unconfirmed media reports said at least 30 Indian paratroopers had conducted a "surgical strike" inside Myanmar, and quoted the NSCN-K+ as claiming that it had killed "five to six" commandos. However, Army sources rejected the reports and said the gunbattle took place inside Indian territory. The fierce encounter took place near Throllu village in Mon district on "our side of the border" at about 5.30am, said Army sources. "Our troops had laid an ambush along a known infiltration route. After the ensuing firefight, the militants fled back into Myanmar. They left some weapons behind. There were no casualties on our side," said a source.

ambush, NSCN (K) and Kanglei Yawol Kanna Lup (KYKL). Soldiers of Assam Rifles and NSCN(K) cadres exchanged heavy fire at about 4am near Chenmoho in Nagaland's Mon district, which shares its eastern border with Myanmar, state police said on Friday. "There was heavy exchange of fire between NSCN (K) cadres and Assam Rifles soldiers. The incident was reported early in the morning. As of now, no casualties have been reported," Yangba Konyak, SP (Mon), was quoted as saying by news agencies. Sources said senior officials had reached the spot for stock-taking. ## Missing focus in the proposed Manipur Regulation of Non-Local People Act, 2016,

By: Mohd Amir

After reading the draft Bill, Para 9 may create more doubts and problems in near future. Para 9 "No suit, prosecution or other legal proceedings shall lie against any officer of the State Government for anything which is good faith done or intended to be done under this act". This ambiguous statement may create more troubles in near future in implementation of the bill. This clause doesn't give any remedy for grievance redressal. We, human beings are bound to make mistakes. Even District Judges, High Court Judges gives erroneous judgements which go against the principle of natural justice. This is the reason why we have the process of Appeals. We can appeal to higher authority to get justice. But the para 9 of the said bill prevented us from going anywhere when we are harassed by State Officials. Nepotism, Communism, Corruption are deeply engrained inside the Machinery of State Government and State Politics. In such environment, citizens are harassed on day to day basis by those people who are in power. Even we are being harassed by VDF, Police personnel who are answerable to the rule of law. Also, conditions of Manipur is not conducive to development. Bandh, Blockades, Disturbances, Threats, Gun culture etc. are our tradition. In this condition, how can we expect a State Government Official to discharge his duties wholeheartedly and without any bias. In his course of action, he commits mistakes and will surely commit mistakes in order to fulfill the immediate requirements. When Officials commit mistakes, ultimate sufferer is the normal people. Officials may act against local/non local people. A tribe from Nagaland/Mizoram may suffer in the hands of Meetei Officials. A Bihar visitor may be manhandled by State Officials. A muslim from other states/countries who comes on religious tour may be harassed by a Meetei Official A local Manipuri may be harassed by State Officials for non compliance of rules. We can imagine in a number of ways because duties, power and functions of State Officials are not clearly spelt out. Where will we go and submit our grievances when the Bill has already given immunity to State Official in good faith? In AFSPA 1958, Officers/Jawans can shoot anybody who he thinks terrorist, because he is being given immunity from prosecution, it seems that, due to long rule of AFSPA, our mind has started working on the lines of AFSPA!! So, instead of giving immunity to erring officials, it will be better to delete the said para. Instead, a mechanism for grievance redressal may be added.

9 "Any aggrieved person, Local/Non local, who feels victimised or suffered in the hands of Directorate Officials may submit their grievance in writing to the Director within 15 days from the date of occurrence of incidents/accidents"

## Pasighat advanced landing ground gets operational

**PIBDEFENCE**  
**Imphal, Aug. 20:** The upgraded Advanced Landing Ground (ALG) at Pasighat in Arunachal Pradesh was inaugurated by Hon'ble Shri Kiren Rijiju, MoS for Home Affairs in the presence of Air Marshal C Hari Kumar AVSM VM VSM, Air Officer Commanding-in-Chief (AOC-in-C), Eastern Air Command on Friday. The event was attended by a large number of civil and military dignitaries including the Chief Secretary and Secretary Civil Aviation Arunachal Pradesh and Air Vice Marshal Manavendra Singh VRC VSM, Senior Officer-in-Charge Administration, Eastern Air Command Shillong. A flypast by a formation of three Sukhoi-30 MKI Air Dominance Fighter aircraft,

that took off from one of the forward EAC airbases was a highlight of the event. This was followed by a Su-30MKI also landing at the ALG. The touchdown by a frontline fighter jet of the IAF at the ALG is a 'historic first' in the predominantly hilly state of Arunachal Pradesh, which has several ALGs at varying altitudes. Earlier, the AOC-in-C and other senior officials who arrived at the ALG by an An-32 aircraft from Shillong and were received by the Chief Construction Engineer (North East Project). Also, the Hon'ble Union Minister had arrived in a BSF helicopter. Thus it was a rare sight to see many different types of aircraft at this forward airfield.

The new runway surface and other infrastructure built are similar to the other upgraded ALGs that have been inaugurated in the recent months. Replete with facilities such as aprons for ground manoeuvring, Air Traffic Control Tower, perimeter road and a security wall, the ALG will facilitate operations of fixed wing aircraft as well as helicopters of both civil and military operators. The ALG at Pasighat will facilitate air connectivity with rest of the country and give a huge fillip to tourism in the state of Arunachal Pradesh. The pristine and picturesque landscape of Pasighat, on the banks of river Siang, will become accessible to rest of the world. The unspoiled natural

beauty of the area is sure to attract many a tourist, which in turn will usher in a new round of prosperity and happiness for the local population. AAI is in the process of setting up a civil terminal, the construction of which has yet to commence. Now the need of the hour is for all agencies to get together and make it happen. The ALG at Pasighat was taken over by the IAF in February 2010. Previously, it was small strip that was partly paved, partly grassy, and reinforced with perforated steel plates. It was utilized in the past for air maintenance sorties and casualty evacuation by the IAF. Commercial helicopter operations were also being undertaken from the helipads

that existed earlier. It may be recalled that following a MoU between Government of Arunachal Pradesh and Ministry of Defence in June 2009, the IAF had embarked on an ambitious reconstruction plan to upgrade eight ALGs, including infrastructure development at an overall outlay of nearly Rs. 1,000 Crore. The ALGs a Walong, Ziro, Along, Mechuka and Pasighat have since been upgraded and are operational now. Two ALGs at Tutting and Tawang are expected to be ready by the year end, while the ALG at Vijaynagar would undertake reconstruction as soon as the road connectivity between Miao and Vijaynagar is restored.
