Maoist Communist Party Manipur calls statewide General Strike on Feb. 21

ITNews
Imphal, Feb 16: Despite the revelations and confessions of Head Constable Thounaojam Herojit on the fake encounter case where Chungkham Sanjit and Rabina lost their lives, there still is a powerful lobby working to suppress the repercussions as well as the inevitable outcome, and even when the civil society organizations have the perfect opportunity to lay bare the insidious and sustained

secret campaign of fake encounters and murders that the state government has been carrying out for a long time, nothing specific or substantial has been taken up on the issue. It is becoming increasingly clear the civil organizations have been gagged and silenced. The unfortunate development or the lack of it, regarding the fake encounter case of 2009 has prompted the proscribed group Maoist Communist

Party Manipur to declare a statewide General Strike on February 21 as a wake-up call to everybody to force the truth out. This was stated in a press release signed by Nonglen Meitei, Secretary Publicity and Propaganda of the group. The release further added that anything related with religious ceremony and journalists will be relaxed, while urging the people to resort to vehement protests and strikes to bring the culprits to justice.

Delhi HC rejects plea for NIA probe

ANI
New Delhi, Feb.16: The Delhi High court on Tuesday rejected the plea, which sought the National Investigation Agency (NIA) probe in the sedition case against arrested JNU students' union president Kanhaiya Kumar. While rejecting the plea, the court said that it was 'premature' to ask the NIA to probe the matter, adding the petitioner has not approached

the government till now. Stating that the incident took place on February 9, the court said it can't assume that the Delhi Police is not investigating the same. The plea was mentioned before a bench of Justices B.D. Ahmed and R. K. Gauba. The petition had also sought a judicial inquiry in the entire case. The petition alleged that Delhi Police was not investigating the case properly and the

matter should be transferred to the NIA. A Delhi court yesterday extended Kanhaiya's custody for two more days. The JNU student union leader was arrested last week on charges of sedition for allegedly participating in an event on the campus to mark the anniversary of the execution of 2001 Parliament attack convict Afzal Guru, in which anti-India slogans were raised.

If anti-national means this, God save our country

Kanhaiya Kumar, the JNU students' union president, addressed a gathering on the campus on Thursday evening. The following day, Kumar was arrested on the charge of sedition for taking part in a march on Tuesday where anti-India slogans were raised. The following is the near-complete Hindi speech Kumar delivered on Thursday, translated by JP Yadav of The Telegraph from a recording uploaded on YouTube. The recording does not feature the beginning of the speech. Other than that, the translation below reproduces the speech in full. They are the ones who burnt the Tricolour. They are followers of Savarkar who apologised to the British. They are the ones who, in Haryana, have changed the name of one airport. There was one airport named after Bhatag Singh. The Khattar government has now named it after one Sanghi (a person associated with the RSS). What I mean to say is that we don't need the certificate of patriotism from the RSS. We don't need a nationalist certificate from the RSS. We belong to this country. We love this country. We fight for the 80 per cent of the poor population of this country. For us, this is nation worship.

We have full faith in Babasahab (Ambedkar). We have full faith in the Constitution of India. We want to say this very forcefully that if anyone tries to challenge the Constitution, be it the Sanghis, we will not tolerate. We have faith in the Constitution. But we don't have faith in the Constitution that is taught in Jhandewalan (RSS headquarters in Delhi) and Nagpur. We don't have faith in Manusmriti, we don't have faith in the caste system in this country. The Constitution and Babasahab Ambedkar talk about corrective measures. The same Babasahab Ambedkar talks about abolishing capital punishment. The same Babasahab Ambedkar talks about freedom of expression. And we want to uphold the Constitution, we want to uphold our right. But it's shameful and sad that the ABVP, in association with their media friends, is running an orchestrated campaign. Yesterday, the ABVP joint secretary said that we fight for fellowships. How ridiculous it sounds! Their government, Madam ManuSmitri Irani is ending fellowship and they accuse us of fighting for fellowships. Their government has reduced the higher education budget by 17 per cent. Our hostel has not been built for the past four years, there is no

Wi-fi. BHEL gave us one bus but the administration has no money for oil. And ABVP people stand like Dev Anand claiming that they will get hostels built, they will get Wi-fi and they will get fellowships. They will be exposed if there is a debate on the basic issues in this country. We are proud of being JNU-ites because we discuss and debate the basic issues concerning this country. We raise issues related to the dignity of women, Dalits, tribals and minorities in this country. And so, their Swamy (Subramanian Swamy) says that *jihadis* live in JNU, that JNU students spread violence. On behalf of JNU, I want to challenge RSS ideologues. Call us and hold a debate. We want to debate the concept of violence. We want to raise questions about the frenzied ABVP's slogans, their slogan that they will do *tilak* with blood and aarti with bullets. Whose blood do they want to spill? They aligned with the British and fired bullets on the freedom fighters of this country. They fired bullets when poor people demanded bread; they fired bullets when people dying of hunger talked about their rights; they have fired bullets on Muslims; they have fired bullets on women when they demand equal rights.
