

Chaoba lambast state govt for under performance of MGNRES scheme in Manipur

IT News
Imphal, Feb 4: The state government celebrated the completion of one decade of MGNRES scheme. While many states in the country have added the number of work days up to the tune of 50 days over the minimum guaranteed 100 days of work and doing successfully for the welfare of the people, in Manipur, however, despite the

guarantee of providing 100 days of work, only 20 to 30 days of actual work is the norm and have never completed even 50 days in a single year during the one and half decade long rule by congress government of Manipur. The above statement was said by president of the BJP Manipur Pradesh Th. Chaoba in a press meet held at its office at Keisampat Nityaapat chuthek today.

He further added that 25 % of the MGNRES funds were misused by the ministers and higher authorities and the state government has never contributed the 10% as required under the scheme. Demanding a white paper of the MGNREGS of the 10 long years from the state

government, he further added that the state government should bear responsibility for non-implementation of Food Security Act in the state. He also disclosed that state government has taken all the ration items at low price from the central government but never distributed to the people.

Under the Modi government Union ministers have been visiting the state every month not as tourists, but to provide funds for the development of the state. However, the union ministers despite their positive intentions failed to provide the funds to the state due to the unsystematic functioning of the state government, a clear example being the central government

having sanctioned for a sports university, the state government has failed to provide the necessary land as they plan to construct it on a disputed area, raising the question about the state government not entertaining the offers from various groups for suitable alternative sites for the same.

Inaction over demand for dam irks Tousem villagers

IT News
Imphal, Feb 4: Villagers of Tousem sub-division under Tamenglong District voiced disappointment over state government's failure to fulfill their long-standing demand for a dam project over Chakungtoo stream.

Speaking to the media persons, TR Ringthengning, president of Tousem area village chairman committee said that the state government has failed to take

up a project for water supply which could be conveniently accessed by more than ten villages of Tousem sub-division under Tamenglong district. TR Ringthengning also said that since the development of Tainingang village forests, the running water of Chakungtoo stream has been available the whole year.

More than 10 villages will have access to this water resource if a dam could be

made on the very stream, Ringthengning said, adding that so far the state government has failed to comply with the villagers' wishes despite the submission of memorandum for a project to construct dam on the stream.

Villagers of the Tousem sub-division are working as one to make the water resources available in their villages as the government did not show any interest, he added.
