Ivory Coast whereas to Namibia, such a visit comes after two decades. Even though Mukherjee has toured a number of countries in the continent, he will be visiting these countries for the first time in his long political career. He was a given a traditional send off at Rashtrapati Bhavan by Prime Minister Narendra Modi, Vice President Hamid Ansari, Delhi Lieutenant Governor Najeeb Jung and Army Chief General Dalbir Singh Suhag among others.

“It’s a very important visit of the President. He is visiting two countries for the first time — Ivory Coast and Ghana, besides Namibia where an (Indian) President will visit after 21 years. He is having a number of engagements. “This is not a ceremonial visit. It has an educational component, economic component and a community component,” MoS Singh said. The first stop of Mukherjee will be in Accra, capital of Ghana, where there will be

Shivakantam, who had recently cleared UPSC examination, PhD awardee Dr. N Tomchou were also honoured by presenting gifts on the occasion. Prizes of the winners in the painting competition held on occasion of the World Environment Day were also distributed.

## KCP Poirei Meitei Lup blames Govt. over non functioning Food safety department

**ITNews Imphal, June 12:** Armed group Kangleipak Communist Party (KCP) Poirei meitei Lup today said that the arrest of 5 KSA volunteers for checking adulteration of Tata Salt, an edible item and letting free of those involved in the adulteration of the edible food item is nothing but to conceal the truth about the appointment of 9 staffs who did not fulfilled the RR for appointment to the post by Okram Ibobi Sing led Congress Government.

Minister Okram Ibobi Singh is collecting huge amount of money from those traders responsible to the adulteration of the edible food items. In India, in order to check the adulteration of edible food and its standard Food Safety and Standard Act 2006 Rules and regulation 2011 has been passed. Under the Act the state government too had established a Food Safety and Standard Wing, however as the Ibobi government had appointed the 9 staffs who do

not touch the RR, they have failed to render their duty to check the poisonous food that had been adulterated and also those edible food items of sub-standard quality. The armed group stated that the attitude of the government is irresponsible and arrest of the 5 KSA volunteers is considered serious instead of arresting those responsible to the adulteration of food and also to those who are meant to check the rising adulteration in the edible food.

In a press statement, Publicity Secretary of the outfit, Malemnganba Meetei said that, the five KSA volunteers were arrested to conceal the truth and protect the 9 staffs who had been appointed as Food Safety Officers at the Directorate of health Services Manipur by violating the RR

We look into water resource and compare their management between Manipur and other countries. It is imminent that water problem strikes almost every year- flood or drought. It is recurring year by year. But nobody cares much about this very important unavoidable resource. We need it every single day for whole life for everyone. We raise the voice only when the

rainfall of 1,467.5 mm in Manipur, we have water scarcity problem almost every year. In the following table, it is showing annual average rainfall and water usage per head per day. **Water management in different countries.** Water scarcity is happening in many countries without proper water management. In Thailand, the government builds dams to manage water.

## Nagaland governor appeals among the Nagas

**PTI Kohima, June 12:** Nagaland Governor P B Acharya has termed the framework agreement signed between the Centre and NSCN(IM) on August 3, 2015 as a “momentous development” and appealed for unity among the Nagas. Acharya said he was encouraged by the statement of NSCN(IM), issued on June 7 last, calling upon all Naga people to be prepared for final solution, while acknowledging that a strong foundation has been laid with the signing of the framework agreement. He said this while interacting

with media persons in Dimapur yesterday, a statement issued by Directorate of Information Public Relations said here today. Meanwhile, describing Yoga has an invaluable gift of India’s ancient tradition which embodies holistic approach to health and well-being, Acharya appealed to all sections of the society to participate in the International Day of Yoga 2016. He said that in order to spread the message and importance of Yoga, state level function will be held at Indira Gandhi stadium, Kohima on June 21 while district level functions would be held at respective
