## UNMM demand separate security cell for Women

**IT News**  
**Imphal, June 20:** A separate security system by establishing Special Investigation Unit (SIU) only for Women and child to deal all form of crime against women and child including DNA testing centre must be set up in the state at the earliest, said Sobita Mangsatabam, Convener, Women Committee, United NGOs Mission Manipur (UNMM).

Speaking to the media persons during a press conference held at the office of UNNM, Convener Sobita Mangsatabam said that even though missing case of women or Minor girl has been reported to the concern police department no proper initiative have been taken up so far. She said missing report cases on women since 2005 to 2016 has reach 467 including the lifeless body of Elangbam Kanon Devi which was

recovered yesterday from Thoubal Canal near Thoubal Police station. When a dead body is recovered, no local MLAs have visited the crime scene personally where they could have directed the officer in charge to solve the cases at the earliest, she added. Sobita also said that due to

unavailability of DNA test centre in the state, most of the crime occurred against women and child could not be brought into justice as report of DNA test takes long time to arrive from the other state. Forensic science department located at Pangei seems so weak that they even took time to solve different cases, she added.

## PMGSY provides new road connectivity to 654 habitations in Manipur

**DIPR**  
**Imphal, June 20 :** PMGSY envisages providing new road connectivity to 654 habitations in Manipur by constructing 6000 km (approx) of road length including 20% up-gradation of existing roads. Out of 1544 works sanctioned by MoRD, Govt. of India at an expenditure of Rs. 1222 crores as on 31<sup>st</sup> January, 2016, 1105 works have been completed.

In Manipur, PMGSY is under implementation through a Registered Body named Manipur State Rural Roads Development Agency (MSRRDA) having 25 (twenty five) working divisions called Programme Implementation Unit (PIU) at its disposal. PMGSY was started in 2000-01 with conversion of some works started under Basic Minimum Services (BMS). The objective would be to connect eligible unconnected Habitations with a population of 250 persons and above.

Pradhan Mantri Gram Sadak Yojana (PMGSY) was launched in December 2000 as a special intervention of the Government of India with the broad objective of ensuring sustainable poverty reduction. In India, Rural Road Connectivity, has been appreciated as a key component of Rural Development, which promotes access to economic and social services and generates

increased incomes as well as strengthens rural livelihoods. Connectivity has been provided to 414 nos. of habitation out of 549 nos approved by the Ministry of Rural Development. Out of 6720 km of sanctioned road length at a cost of Rs. 2331 crore, 4708 km has been completed. For the year 2015-16, an amount of Rs 281 crores has been allocated by the Ministry of Rural Development, Government of India for the State as an enhanced allocation which was based on past and present performance which includes Rs 253 as Central share and Rs 28 crore as State share.

With the fullest support given by the Ministry of Rural Development, Government of India in execution of PMGSY works in the State, the achievement in execution of PMGSY works in the State could have been achieved which is beyond the set target. The average length construction per day for the year 2015-16 as on Jan, 2016 is 1.59 km which is the highest amongst the NE States.

Manipur State is amongst the best four States of India who could achieved the target set during the year 2015-16 and best performing (Silver lining) State amongst the eight NE States which was announced by the Director General, National Rural Roads

Development Agency (NRRDA)/ Ministry of Rural Development, Government of India during the last Review Meeting held at Guwahati on 18<sup>th</sup>-19<sup>th</sup>, February, 2016.

On the maintenance front, MSRRDA has been carrying out post construction routine maintenance for the roads and bridges constructed under PMGSY with inbuilt maintenance. All these achievements were due to timely release of requisite adequate routine maintenance fund by the State Government to the agency. PMGSY roads are expected to be of the highest quality. A 3-tier quality control system has been envisaged. The Contractor has set up a field laboratory at the work site and the PIU functions as the first tier of the quality control. The State Quality Monitor coordinates a second independent tier of quality control and the NRRDA enforces a 3rd tier of quality control through National Quality Monitors. Mobile phone based application has been used in the quality control mechanism since the year 2010.

E-tendering system has been adopted in the procurement of PMGSY works in Manipur since 2009-10 onwards. Manipur was the first State in adopting e-tender system in procurement of PMGSY works in NE and first in the State. E-payment is being adopted from the month of April, 2016.

### No Fee for MSME Registration

**PIB**  
**New Delhi, June 20:** Ministry of MSME has clarified today, that Udyog Aadhar Memorandum is the only form of registration for MSMEs in India and there is no fee for the registration. This has been clarified in view of some complaints received by the ministry, regarding fee charged by certain agencies for facilitating the registration.

It may be pointed out that filling of Udyog Aadhar Memorandum can be done only on the portal <http://www.udyogaadhar.com> memorandum.gov.in created by the Ministry. There is no fee charged for this purpose. The filling process is simple and the entrepreneurs can register without seeking any third party assistance. If required, assistance can be sought from the General Manager of their respective District Industries Centre for filing their Udyog Aadhar Memorandum.
