## Bangladesh targets 100,000 for first Rohingya repatriation

**Cox's Bazar (Bangladesh), Dec 29 (AFP)** Bangladesh wants to send up to 100,000 Rohingya back to Myanmar in the first batch of repatriations of Muslim refugees who fled ethnic violence this year, officials said today.

Senior minister Obaidul Quader said a list of 100,000 names was to be sent to Myanmar authorities on Friday so repatriations could start in late January under an accord between the two governments.

More than 655,000 Rohingya from Myanmar's Rakhine state have sought refuge in Bangladesh since a military crackdown in late August, fleeing what the US and United Nations have described as ethnic cleansing. That added to more than 300,000 in camps in Bangladesh after fleeing earlier violence in the Buddhist majority state.

The two governments signed an agreement in November allowing for repatriations from January 23. Many aid groups and diplomats doubt that fearful Rohingya will agree to return.

The Rohingya have been the target of past pogroms in Buddhist-majority Myanmar, which does not recognise the group as a genuine ethnicity and has stripped them of citizenship.

Quader said repatriations would start as soon as a working group of officials from the two countries finalise a list of names.

"Based on the decision of the joint working group, a first list of 100,000 Rohingya will be

sent to the Myanmar government today for their safe and honourable return," Quader, road transport minister and deputy leader of the ruling Awami League, told reporters during a visit to Cox's Bazar where the refugee camps are.

"The next meeting of the working group, which will be held in Myanmar, will decide how the repatriation process begins," Quader added.

"This list will be finalised as early as possible. The repatriation process will begin after the list is finalised."

Abul Kalam Azad, the government relief commissioner for Rohingya refugees, said a decision was made Thursday by Bangladeshi members of the repatriation working group to send a list of 100,000 refugees to Myanmar.

He told AFP repatriations would begin after Myanmar verifies the list and the authorities in Bangladesh get consent from willing refugees.

Most Rohingya refugees approached by AFP in the camps insist they do not want to return, saying Rakhine is not safe enough.

## Family and JAC of deceased student not satisfied with school authority' attitude

**IT News**  
**Imphal, Dec 30:** Parents of deceased student Ningthoujam Lanchenba Meitei, who died in a tragic accident yesterday expressed dissatisfaction to the attitude of the school authority. A JAC formed against the death of the student today staged protest at Keishamthong Elangbam Leikai, where the deceased held.

Speaking to media persons members of the JAC while accepting that the cause of the death could not be found out until a proper inquiry has been conducted, it expressed strong dissatisfaction to the attitude of the school authority.

Venus, convener of the JAC said, "We don't know the cause of the death and we presumed it as an accidental

death, however, the way the school authority treated to the incident is not satisfactory". The incident happened at around 9.30 am yesterday and instead of taking the victim to the hospital some school teacher simply declared him dead as if they are qualified in declaring someone death, Venus said. He further added that instead of informing to the family members about the incident the school authority declared holiday after paying condolence service.

"No authority of the school came to inform or meet the parents and the family of the students", Venus said and added that the staged protest as something fishy seems to be going on the incident.

Health Minister L. Jyentakumar, who is also the representatives from

Keishamthong Assembly Constituency came and after enquiring over the matter directed the police to arrange an amicable solution between the JAC and the School authority.

As per the directives the school authority came along with the principal of the school – Extra Edge School came and held a meeting to resolve the matter. However, final agreement could not be brought today but agreed to settle after another sitting scheduled at 8 pm tomorrow.

Ningthoujam Lanchenba, a class XI student of Extra Edge School, died yesterday after he fled from his school bus bearing registration No. AS-01 R 9973 at Takhelleikai area of Sega Road. The bus has no conductor.

## Year End Review- 2017: Ministry of Development of North Eastern Region (DoNER)

**PIB**  
**New Delhi, Dec 30:** Following are the major highlights of the activities of the Ministry of Development of North Eastern Region (DoNER) during the year 2017:

In a landmark decision, the President of India in November promulgated the Indian Forest (Amendment) Ordinance, 2017 to exempt bamboo grown in non-forest areas from the definition "Tree", thereby dispensing with the requirement of obtaining a permit for felling of bamboo for economic use. The decision following the approval by the Union Cabinet in a meeting chaired by the Prime Minister Shri Narendra Modi has been hailed as historic because

the bamboo was legally defined as a "Tree" under the Indian Forest Act, 1927 which proved to be a major impediment for bamboo cultivation by non-farmers on non-forest land.

In October, the Government constituted a high-level committee for proper management of the water resources in the North Eastern Region (NER) under the Chairmanship of Vice-Chairman, Niti Aayog. This is a sequel to the Prime Minister Shri Narendra Modi's visit to Guwahati in August this year to review the flood situation and relief work in the North Eastern States. The Committee would facilitate optimising benefits of appropriate water management in the form of

hydro-electric power, agriculture, bio-diversity conservation, reduced flood damage erosion, inland water transport, forestry, fishery and eco-tourism. Ministry of DoNER serves as the coordinating point. The Committee will submit its report, including Plan of Action, by June, 2018. The same month, the Ministry of DoNER sanctioned Rs 200 crore for flood affected reconstruction works in the four North Eastern States of Assam, Nagaland, Manipur and Mizoram. This year witnessed unprecedented floods and the rainfall was more than 100% higher than that in the preceding months during the same period of time. Earlier during his visit to Northeast in August to review the flood situation in

the four States, the Prime Minister Shri Narendra Modi had announced a flood relief package of Rs 2,000 crore. Ministry of DoNER started an extensive exercise to reorient and rejuvenate the North Eastern Council (NEC) in a new format so that it could perform the effective role of an important resource-cum-research centre for the entire region and could be developed as the hub of innovation for the upliftment of entire Northeast. The MoS Dr Jitendra Singh said that a proposal in this regard has already been circulated and is presently under the active consideration of the Government of India. NEC was set up back in early 1970s with the intention to give special focus to the development of this region.

On 3<sup>rd</sup> December, MoS Dr Jitendra Singh announced Rs. 90 crore for "Northeast Hill Area Development" beginning from Tamenglong district on a pilot basis, in the first phase, for a period of two years. Inaugurating a two-week "Northeast handicraft-cum-handloom Exhibition-cum-Sale Bonanza" in New Delhi, he said the Ministry of DoNER got engaged in a detailed discussion with the Department of Expenditure and it was realised that for pursuing the additional objective of public welfare, an additional vertical sub-scheme may be created under the existing schemes for the Hill Area Development in the North Eastern States. (To be contd.)
