He also emphasized on transforming Nambul river water a potable one.

## Yogi Adityanath Orders Ban on Slaughterhouses, Cow Smuggling In Uttar Pradesh

**Lucknow, March 22:** Uttar Pradesh Chief Minister Yogi Adityanath has directed police officers to prepare an action plan to shut down slaughterhouses, but it is not clear if the ban will be restricted to those running illegally. Revving up work on the BJP manifesto before the UP election, in which the party won a huge victory, Chief Minister Adityanath has also ordered a blanket ban on

cattle smuggling and said there must be "zero tolerance" in such cases. The BJP manifesto had said that all the illegal slaughterhouses would be closed and there would be a blanket ban on all the mechanised abattoirs. The party believes that because of cow smuggling, dairy-based industries have failed to flourish in UP. It noted that "there has been a fall in cattle count" during

previous governments, which, it said, reflects that cow smuggling is rampant in the state. In orders issued today, Yogi Adityanath also directed the police to act tough against anti-social elements. He warned that those using police security as "status symbol" would come under the scanner and after review of their threat perception their security might be changed.

Later, free 4G Sim of Vodafone Network was distributed to the attendees.

## CBSE revamps exam, assessment format for Classes 6 to 9

**PTI**

**New Delhi, Mar 22:** The CBSE has done away with the Continuous and Comprehensive Evaluation (CCE) scheme and replaced it with a uniform system of assessment and examination to be followed by its affiliated schools for classes 6 to 9.

The move that aims at standardizing teaching and evaluation across schools will be implemented from the upcoming academic session. "Following the decision to restore board examinations

for class 10, it was imperative to have a new scheme of evaluation for classes 6 to 9 because disparities in the system were creating problems for students whenever they migrated to another school," a Central Board of Secondary Education official said.

Under the CCE scheme, which was in place since 2009, the students were assessed based on two term-end 'summative assessments' and four 'formative assessments' (two each in each terms). Sixty per cent of the assessment was pen-paper tests, while 40 per cent formative assessment during the year was continuous evaluation by teachers based on various activities. According to the new guidelines, there will still be two terms but the pen-paper test weightage will be 90 per cent including 80 marks for half yearly or yearly exam and 10 marks of the 20 marks set aside for periodic assessment in each term.

## Dead body found

**IT News**

**Imphal, March 22:** Dead body of man was found today around 6 am at Heingang Ching near Mongjam of Heingang, Imphal West District under Heingang Police Station.
