The amount was handed over to the Chief Minister by the Director of RIMS Dr. Santa , Medical Superintendent CH. Arun Kumar , Principal of Dental college, Head of departments and Nursing staffs at the Chief Minister's Office.

MU impasse impact - College students throng at Chief Minister's bungalow over failure to declare exam result

State forces unleash reign of terror to student protestors

IT News
Imphal, July 7,

The ongoing 39 days long impasse at Manipur University over the demand for removal of Vice Chancellor Prof. Adya Pandey Prasad by all constituents of Manipur University is likely to spark state wide protest after College students joint the protest

giving 3 days ultimatum to declare the 3rd and 4th Semester examination of TDCs.

Large number of students today throng to the office of the Chief Minister for submitting memorandum at around noon today. A police team stopped them at the gate on the ground that the Chief Minister was not in the office as he was attending a function

at Shija Hospital and Research centre. The students were not hostile when they came to submit the memorandum but the police were alerted as the numbers was large. As the students tried to enter the police started pushing them away. A confrontation between the police team and the students consisting of girls students took place in

front of the Chief Minister's Office gate. At least 6 students were injured in the police action. Condition of one was serious and was evacuated to the RIMS hospital.

Arambam Vikash, convener of the Joint Colleges Students' Forum while talking to media said that they came peacefully to submit memorandum for seeking intervention of the Chief Minister to the ongoing impasse at Manipur University as the 3rd and 4th Semester examination for TDC could not be declared. Even the 6th Semester examination too has been put on hold, Vikash said.

He further added that the demand for removal of VC Prof. Adya Pandey by the MUSU, MUTA and the MUSA is a reasonable demand and the students' forum of colleges will support the agitation.

"If the VC has not been remove within three days from today all the college students across the state will launch a state wide movement", Vikash warned the government.

The mark of the baton charged by police to a student

MUSU says no meeting with CM, condemn police action to students

IT News
Imphal, July 7,

Following the police action to group of students in front of the Chief Ministers' office the Manipur University Students' Union has said that the MUSU will now cancel all meeting invitation by the Chief Minister of Manipur.

A meeting held today while condemning the heinous action to the college students said that the BJP government is protecting the irresponsible VC of the Manipur University. It also condemns action to

girl students by the male police.

The MUSU also stated if the government is planning to sabotage the students of the state for saving the VC Prof. Adya Pandey. It further asked if the governor of the state as well as the Chief Minister are under the control of the VC AP Pandey.

The MUSU recalled the role of the MUSU in the building the society since the last many years and caution the present government of consequences that they might face in the coming days.

MUTA condemns, demands immediate Magisterial Enquiry

IT News
Imphal, July 7,

Manipur University Teachers' Association (MUTA) strongly condemns the police action to the democratic and peaceful protest by college students in front of the CM's gate today. An emergency meeting of the MUTA held today in the aftermath of the police action to students resolved to demand an

immediate magisterial enquiry. The meeting also resolved not to attend meeting with the Chief Minister today. The invitation was sent yesterday by the Secretary to the Chief Minister.

A press statement by Prof. I. Tomba Singh president, MUTA said that the association strongly condemns the inhuman act of the security forces on the democratic and peaceful

protest of the students. "While the teaching Community stand fully behind the students in their legitimate demand for removal of Prof. A P Pandey from VCship, MUTA demands that an immediate Magisterial Enquiry should be instituted to enquire into the unbridled violence inflicted on the democratic and law-abiding students", the statement said. The statement said the 39 days long agitation by all

constituents of the Manipur University demanding removal of the irresponsible VC has been peaceful and democratic. Today too students took to the office of the Chief Minister to submit memorandum. Instead of listening to the peaceful pleas of students, the state force have unleashed a reign of terror on the students, and thereby causing serious injury and hospitalisation.

The state and central government must stop creating conflict - YFPHR

IT News
Imphal, July 7,

Youth's Forum for Protection of Human Rights (YFPHR) in a press statement said that the ongoing trend of conflict which are being prevailed in the state of Manipur wherein the ultimate victim lies on the civilians.

"We fear that the conflict and the violence prevailing in the state are strategically planned by the state or the government to distract the particular matters which are not for the public interest so as to fulfil their needs", a statement release Mr. Kh Phajaton, President YFPHR said.

The statement said that The Framework agreement which was signed between the government of India and NSCN-IM on the 3rd of August, 2015, was during

the peak of uprising by the people to implement ILP which got intensified after the death of Sapamcha Robinhood while on the other hand people settling near the border town to Myanmar erupted as well.

In November 2016, the 139 days long economic blockade was called by the UNC against the proposed creation of new districts later got intensified after the creation of 5 more districts and it could be noted that the economic blockade was called off after the new BJP government came into power in March 2017. Violence during the economic blockade had claimed 3 lives of Manipur police, injuring numbers of drivers carrying goods and created hatred among the ethnic communities.

On 21-22 November, 2017,

North East Development Summit was organized wherein 39 MoUs were signed which is yet to be made public by the Government of Manipur. It was further known that the MoUs includes extraction of mineral resources from Manipur which was opposed by the Civil Societies since 2012. The MoUs were silently signed without the consent of the people while the people are celebrating and enjoying Sangai Festival and also busy during the protest against the extraction of Oil and Natural resources in nook and corner of the state and physically intervening to stop the 3D seismic survey being conducted by the Asian Oilfield.

In July 2018, during the peak of 2019 election campaign yet various problems are fear

to be created by the state or central government on the issue of Border Pillar, MUS ongoing protest and Eviction work. Various Civil Societies are concentrated on the issue of Eviction which resulted in lack of collective concentration on the Border Pillar issue. Students are made busy for the ongoing Protest in MUS as a result they are not able to contribute to the issue of Border Pillar and others. It could be noted none of the social movement was achieved without the contribution of the Students till date.

Now the serious issue is the suspicious of mongering of the communal conflict due to the eviction work, MU's issue to destroy the students lives and the cross border conflict due the border issue which the state

and the central government is responsible to stop such ill practices or game being played upon to the civilians. Such fear of creation of conflict by the state is not the first time being observed but the people has been experiencing since the last many decades.

The Forum ask - Why the state and the central government want the conflict to prevail instead of resolving? Are they secretly planning to achieve something by making the conflict prevail?

It appeals the state and central Government to stop fooling the people of Manipur and stop such game immediately instead protect the people as it is the ultimate responsibility of the state to protect the people but not to create conflict.

CorCom to observe 7th Anniversary tomorrow

IT News
Imphal July 7,

Conglomerate of rebel groups operating in the region Coordination Committee (CorCom) pays revolutionary salute to the departed souls who had laid down during the revolutionary struggle on occasion of its 7th anniversary which falls on July 8.

A statement issued by the chairman I. Chaoren also expressed gratitude to the people who are affected by the revolutionary movement for their endurance support to the movement.

The statement said that the Indian system of Democracy has pushed the CorCom's idea of living to the point of armed violence that the outfit stands for, the statement specified while claiming that the CorCom's concept of life has devolved in the way the outfit finds in common living in CorCom's concomitants in Manipur (Kangleipak) for which the outfit holds responsible the Democratic system in India.

Some groups of Citizenry do not like the CorCom outfit and blame the CorCom of infringing on public rights available to such groups of people. The CorCom has not made any inroads into other systems of governance in lands belonging to other countries but the CorCom

demand for CorCom's land remains, the CorCom stated. Rejecting any sort of interpretation of the CorCom demand for Manipur (Kangleipak) in the statement the CorCom stated that as far as CorCom could see the armed outfit is not wrong, reiterating the complaint that the outfit's armed violence started only after the Indian Democracy denied the CorCom the land the armed outfit has claimed all rights over.

Any Political dialogue is not proper on the CorCom demand, the CorCom stated while further quoting former Chief Minister Rishang Keishing stating that the 'matter was to be addressed to the Indian government, not the State government'. The CorCom also stated that Politicians in the state have proved to be abject failures and all political dialogues or Agreements had rejected the CorCom demand and the CorCom demand has been deemed unfit for a consideration.

Former External Affairs Minister and former President Pranab Mukherjee's statement that conforming to the Constitution of India was the decision of the Indian government for all matters, the CorCom specifically stated that BJP leader LK Advani had rejected any conditional or unconditional peace talks.
