## The 'Week' reports about attempt to target Prime Minister Narendra Modi by banned CPI (Maoist)

IT Desk  
Imphal, June 8,

At what could be term as a desperate attempt to throw out the BJP regime, the WEEK, a national journal has reported Maoist cadres attempting to target Narendra Modi by using the similar tactics used to assassinate Former Prime Minister Rajiv Gandhi. "A letter allegedly found in the house of one of the five persons arrested for links with the banned CPI (Maoist) on Wednesday talks about the ultras mulling "another Rajiv Gandhi type incident" to end "Modi raj", Pune police have told a city court. The letter refers to targeting "his roadshows", the web desk of the journal week reported.

Former prime minister Rajiv Gandhi was killed by an LTTE suicide bomber when campaigning for Lok Sabha elections in Tamil Nadu in 1991.

The purported Maoist letter was found in the house of Rona Wilson, an activist who was arrested from Delhi. The letter declares "Defeating Hindu fascism has been our core agenda and a major concern for the party." The letter claims Maoists are working to consolidate ties with

"like-minded organisations, political parties and representatives of minorities across the country". The Maoist letter notes "Modi-led Hindu fascist regime is bulldozing its way into the lives of indigenous Adivasis" and claims the BJP's poll progress would cause immense damage to the

Maoists. The letter claims a 'Com. Kisan' and few other senior comrades had proposed concrete steps to end Modi raj. "We are thinking along the lines of another Rajiv Gandhi type incident. It sounds suicidal and there is a chance that we might fail but party must deliberate on our proposal," Prosecutor Ujjwala Pawar quoted the letter as saying. The letter adds, "Targeting his roadshows could be an effective strategy."

The mention of roadshows will heighten suspicion that the target in mind is Prime Minister Narendra Modi, given his propensity to conduct such high-profile public events.

Police on Wednesday arrested dalit activist Sudhir Dhawale, lawyer Surendra Gadling, activists Mahesh Raut, Shoma Sen and Wilson from Mumbai, Nagpur and Delhi, respectively, in connection with the 'Elgar Parishad' held in Pune in December and the subsequent Bhima-Koregaon caste violence in the district. The lawyers of the accused said the documents cited by the prosecution were fabricated.

All five were produced before a sessions court, which remanded them in police custody till June 14.

The police allege the Maoists had planned for the Bhima-Koregaon violence in advance and the ultras were attempting to keep the agitation alive by reaching out to dalits.

Dear comrade Prabhat  
Real Salutes!

We received your last letter (20/5). Regarding the current situation here Anur, Venim and others are equally concerned about the new line strategy that is clearly taking shape on the urban front. Followed by the very unfortunate demise of Rajiv ji. He was a strong leader with great vision and sufficient dedication to the party and the Real revolution! His leadership was greatly needed in today's critical times. Things were far better before Prabhat's rigid agenda took over the larger interest of the Party and the pro prisoners. Com. Salubha had raised this issue with you back in 2013 when Prabhat revolted against Salubha. We think that in one way the Sessions court's judgement has helped in removing Prabhat in doing further harm to the Party. With that said, we are working tirelessly to put up a strong defense for Salubha. Every possible legal help in favor of the jailed comrades is being sought. We have been given all the responsibility to coordinate programs and protests to raise public opinion in our favor. On 20th june we will organize another program under the banner: Committee for the Defense and Release of D. N. Salubha. We would like to share information regarding trial to all pro prisoners. Com. Salubha & Anur & Venim, and Salubha have strongly argued for more frequent meetings of DPP EC. It will facilitate smoother coordination of numerous pending cases in Delhi, MP, Jh, Odisha, Oris. On the other side com. Salubha has shown willingness to contribute for the party in all possible ways. He has been studying the party literature, resolutions and the party constitution for past several years. Despite challenging situations he is ready for second shift cross over. This time would like to send another comrade with strong Ais CR in the memory chip with this letter. Sometime in last year Salubha had met com. Salubha to facilitate the deal. At that time com. Kisan was unable to meet directly. I hope by now you have received details of the meeting and requirement of RD for annual supply of RM with 400000 rupees. Please convey your decision.

Defeating Hindu fascism has been our core agenda and a major concern for the party. Several leaders from secret cells as well as open organizations have raised this issue very strongly. We are working to coordinate ties with the wanted organisations, and parties, representatives of minorities across the country. Most particularly focus on building its way into the lives of indigenous adivasis. In spite of big efforts like Elgar and Ais, Bhatia, Modi has successfully established RD and got a lot of funds. If this year continues then it would mean immense trouble for the party on all fronts. Greater coordination of all secret and more formal forms of Activism 2018-2020. Com. Kisan and other senior comrades have proposed concrete steps to end Modi raj. We are thinking along the lines of another Rajiv Gandhi type incident. It sounds suicidal and there is a good chance that we might fail but we feel that the party PCC must deliberate on our proposal. Targeting his road shows could be an effective strategy. We collectively believe that survival of the party is supreme to all offences. Rest on the next letter.

The letter recovered from Rona Wilson's house as reported by the 'Week'
