NEFIS units hold protest in different states across India against the brutal crackdown on students and teachers at Manipur University

IT news,
Imphal Sept 23,

North-East Forum for International Solidarity (NEFIS) activists staged protests across India against the brutal crackdown on students and teachers at Manipur University on Saturday. The protests were held at Delhi, Chandigarh, Assam and Hyderabad and saw large participation from other progressive organizations and common students. At Delhi, Krantikari Yuva Sangathan (KYS) activists participated in solidarity and at Chandigarh members of Manipur Students' Association Chandigarh participated. An effigy of N. Biren Singh was also burnt for his collusion with union BJP govt in curbing students-teachers' movement. It should be known that Manipur Police personnel entered the university campus in the intervening night of 20th-21st September. The personnel barged into boys hostels, paraded male students and brutally assaulted them. Later, when teachers staying inside the campus sought to intervene, tear gas shells were fired upon them. At the time of writing of this press release, it was reported that 89 students and 6 teachers were under illegal detention. Also, 55 students are reportedly missing since the raids in hostels last night. The extent

of brutality can be guessed by the fact that tear gas shells and rubber bullets were fired at students inside the boys' hostel located in the campus. Even those brutally injured in the crackdown are being illegally detained and not being allowed to exit MU campus. Members of the students' union and those teachers and common students, who were in the forefront of 85 day long agitation demanding removal of V-C A.P. Pandey, were specifically targeted. It should also be noted that the V-C was sent on leave following the students' steadfast agitation, before he forcefully resumed office in September. He was later forced to proceed on leave pending an inquiry against his irregularities.

However, the V-C had appointed Y Yugindro Singh as Pro V-C, who is reportedly close to him. The crackdown has been executed at his behest with the active support of Manipur govt. It should be known that BJP is infamous for its undemocratic and anti-social mentality and is out to terrorize progressive students and teachers in universities. At various university campuses, from Hyderabad Central University, JNU, DU to now MU, RSS's student wing ABVP has unleashed a reign of terror. Across India in different universities ABVP has shamelessly attacked, assaulted not only student and activists of progressive student organizations, but also students, teachers and

cultural groups speaking against their opinion. Manipur University is among those university campuses, which have been specifically targeted due to the students' and teachers' indomitable struggle against the anti-people policies of BJP govt at the centre and its stooges who have been appointed as heads at various public institutions. The crackdown comes amidst the state and Union BJP governments' overt support to V-C Pandey. Earlier too, in August the state BJP govt brutally assaulted the students involved in the movement. After sending the V-C on leave under huge pressure, the state government had resorted to brutal measures to curb the movement. A students' union (MUSU) councillor was arrested by Manipur Police on 4th August. The arrest was followed by the dismantling of the dais which had been erected at the site where protests had been going on for more than 2 months. NEFIS stated that educational spaces and university campuses should be a free space to engage in critical thought and dialogue. It strongly condemns strongly condemns the recent developments at MU which are connected with the governments' resolve to curb the democratic movement at MU and stands in solidarity with MU community and resolves to continue its struggle even amidst crackdown. NEFIS demands that all the students and teachers who are detained should be released unconditionally. The state government should take action against police officers and personnel who were involved in the raid and violence. It also demands that all security forces including Assam Rifles camp should be removed from Manipur University. NEFIS also calls upon the larger civil society to extend support to the struggle in order to reclaim the university for the people and especially for saving the future of public education in the state.

TSA stands in favour of Pro VC; say nothing about Sept 20, crackdown by police inside MU complex

IT News
Imphal, Sept 23,

Instead of condemning midnight crackdown inside Manipur University complex a students' body called The Thadou Students' Association, General Headquarters (TSA-GHQ) lambasted the mob violence meted out to the so called Pro Vice-Chancellor (Pro VC) by a group of agitators at Manipur University (MU) on Sept 20. A statement issued by Secretary, Information & Publicity Without mentioning the name alleged that the Pro VC and Registrar (i/c) with the same fate meted out to Prof. Islamuddin, who was murdered inside the university in May, 2009. The mob also made the Pro VC and Registrar (i/c) sign an apology letter under duress stating "apologies for my unpardonable act and solemnly affirmed not to repeat such act of misconduct and violation of the sanctity of the university in the future" on 20th September, 2018 at university campus. "We also condemn the desperate public campaign taken up by the Manipur Pradesh Congress Committee (MPCC) and its constituent bodies. University, which should be free from politics, has unfortunately been seized as a political ground by the

MPCC to strike back at its opponent. It is not that such a crisis has not happened during the Congress regime in Manipur. It was during the Congress rule in 2016 the mass exodus of tribal students from MU happened due to systematic discrimination of tribal students in the university. The politics is still on. The blatant politicization of the unfortunate situation in MU at the cost of the students is very unfortunate. It is high time political parties stop interfering in the functioning and administration of the university. If the real intention of Manipur University Students' Union (MUSU) was to remove AP Pandey as the Vice-Chancellor as they always claimed, MUSU would have shunned agitation and confrontation against the Pro-VC and VC (i/c) Prof K. Yugindro Singh and Registrar (i/c) ShriShyamkisho consequent upon the suspension of Prof. AP Pandey by the President of India through MHRD pending the investigation by the Two Men Independent Enquiry Committee. "We would like to question MUSU if the whole agenda of their agitation was to appoint a particular person to the post of the VC of the University? Being a student association, it would be prudent on the part of MUSU

to focus on education rather than being too involved in the appointment of the VC?", the student body said. The students' body also appealed to all concerned civil societies to refrain from any activity that could vitiate the functioning of the university and be cautious about supporting mob agitations that could lead to mob violence. "It is pertinent to note that the state cabinet has recently passed an ordinance implementing the Manipur Mob Violence Control and Prohibition Bill, 2018 with immediate effect in view of the increasing rate of incidents of awarding instant punishment by mob without any fair trial. "One can never justify mob justice, and in a country with a working legal system, people cannot be allowed to take law into their own hands. Therefore, mob justice for removal of VC or anyone else is not acceptable and should not be encouraged or supported under any circumstances. "We would like to appeal the agitating students (MUSU) and staff of MU to stop trying to control the whole affairs of the university and allow law and order to prevail in the university in the best interest of the MU community. (This press statement is what the student body claim to published in this newspaper)
