Defying on the agenda of CAB highlighted on the Manifesto of BJP where they intend to pass it if they come to power. Spokesperson of Manipur Pradesh Congress Committee (MPCC) I. Hemochandra said that the 17th Lok Sabha election is a crucial election which will be a fight for the life and dead of the indigenous people. Speaking to media persons in a press meet held at Congress Bhawan Hemochandra said that the future of the people of Manipur is at stake due to the recently published manifesto of BJP on how they pushed the agendas of wiping out the indigenous minorities. Hitting hard on a BJP spokesperson at which they stated that CAB will not affect the state, Hemochandra said that such statement is a blatant lie and an insult to the people of the state. He said that even though the BJP claimed to put the nation

first they tried to demolish the indigenous minorities by sending illegal immigrants sidelining various protest and agitations by the people of the North East. He further appealed the people to let aside all the developmental works and the schemes which were manifested in the manifesto for all political parties and to focus primarily on the issue of

CAB where BJP put it in their Manifesto to implement it. Hemochandra questioned the existence of the people of North East if CAB is implemented and added that BJP only gives lip service when they said that they will protect the indigenous people by adding a clause. He said that the Congress Party stands firm and puts in black and white regarding CAB that they will stand firm and removed the contentious CAB. He further said that by putting an agenda in the manifesto of the BJP where North East burned because of it simply adds fuels to the burning fire. He added that the attitude of BJP neglecting the minorities is a very dangerous trend.

Three north-eastern states of Nagaland, Manipur and Meghalaya will have 9-hour voting due to early sunrise, sunset and a few other reasons. In the other five states of the region, it will be the normal 10-hour polling. According to an Election Commission (EC) notification, the voting will start at 7 a.m. and conclude at 4 p.m. in the three states. In Arunachal Pradesh, Assam, Mizoram, Sikkim and Tripura polling will be conducted between 7 a.m.

and 5 p.m. Nagaland Chief Electoral Officer (CEO) Abhijit Sinha said early sunrise and sunset were the main reasons for the nine-hour voting. "The 7 a.m. to 4 p.m. polling hours are being followed for many years," Sinha told IANS over phone. Other reasons, according to Sinha are remoteness of polling stations and mountainous treks. According to poll panel notification, issued last month by Sumit Mukherjee, Principal Secretary to the Election Commission, polling hours will officially end in different states at different times — 4 p.m., 5

p.m. and 6 p.m. The EC sets voting hours after considering security issues, remoteness of polling stations, volume of voters, traditional polling system, Subhash Das, a retired senior EC official, told IANS. Majority of the Lok Sabha seats will go to polls in the region in the first phase on April 11. Voting will be conducted on two other seats — one each in Tripura and Manipur — in the second phase on April 18. In the northeast, the day breaks early and sun sets 60-90 minutes ahead of the other regions of the country.
