

More ex-students shares the reality of Standard Robarth Hostel ; Titular King Sanajaoba questions the govt. on the reason for delay in finding the truth

IT News
Imphal, July 25,

Government inability to find the cause of death of Ningthoujam Babysana, a student of class VII of Standard Robarth School Canchipur at her hostel room even after a week has fuel more anger to the people of the state. Ex-students of Standard Robert had started revealing the horror they faced during their stay at the hostel of the school (Imphal Times had

published one such story in our yesterday issue). And many more keep contacting the Imphal Times sharing their experience during their days in the hostel. The ordeal of the ex-students suggested that something unknown which has been happening in the school hostel violating all regulations of running a school hostel is happening. One more ex-student of Standard Robarth School while contacting to Imphal Times also narrated the

horror she faced during her stay in the hostel. (Imphal Times concealed her identity for security reason). Talking to this newspaper after reading the report of an ex-student in our yesterday issue, the ex-student said, "Those were not the only things that we had experience. There are many more. If a student was not feeling well and even after knowing that she was suffering from severe disease our report were never listened with

seriousness". She further added, "When we were informed, the warden instead of checking the condition of that students she started scolding like anything as if we are some kinds of wild animals insulting our parents "like nama- napa da hairucho". They torture us like anything as if they are dealing with an insane person. But they would treat students who gave them eatables or presented them gifts".

"Is this fair? We also pay the same amount that they pay as fees so why treat us differently? Is it just because they brought costly gifts and eatables for them when they returned back to hostel after school that they were being treated differently?" the student asked. "We the ex students felt that it was the school authority that leads to the death of Babysana, and we are now ready to open up everything to deliver justice

to Babysana so that no more students suffers the injustice meted out to us as well as to Babysana", she said. Meanwhile, peoples' anger continue to pour against the government inefficiency to solve the case about the mysterious death of Babysana. Titular king of Manipur Leishemba Sanajaoba in his Facebook post questioned the reason for the delay in finding the truth about the death of Babysana. How powerful are those

people which delayed the authority in finding the truth about the death of Babysana?, the Titular King of Manipur Leishemba Sanajaoba wrote in his Facebook page. He appealed the government to solve the matter sincerely before Manipur burn and said that if they are wrong they should have the courage to say sorry to the people of the state. Leishemba Sanajaoba also share the pain and sorrow of the family of Babysana.

Indefinite bandh called at Imphal – Ukhrul road from July 30

IT News
Imphal, July 25,

Ching Tam truck Drivers' Association Manipur has called indefinite bandh along the Imphal Ukhrul road from July 30 against the High Court orders of banning sand and stone mining from River banks. A sit in protest was staged today at Sabungkhol Khunjab Club at Imphal East district. The protest demanded lifting of the ban on sand and stone mining in view of the labourers living on hand to mouth. Mentioned may be made that the High Court of Manipur has banned unauthorised stone quarrying, sand mining and other activities that cause pollution in the rivers of the State. An order in this regard was passed by a division bench of Chief Justice Ramalingam Sudhakar and Justice Kh Nobin of the High Court of

Manipur on July 3, after hearing a suo moto PIL taken up by the court. The order stated that no one can carry out any activities towards stone quarrying, sand mining and river pollution, except in case where a licence or lease is granted in accordance with law. The order further directed deputy commissioners, SPs and Forest officers of all the districts of the State to take preventive measures in order to ensure that such unauthorised and unlawful activities do not take place in the rivers of the State. In the event of any person found involved in such activities, proceedings as per law will be taken up, it added. The court also appointed advocates A Mohendro and Harichhaya as amicus curiae to assist the court in implementing the order. The High Court of Manipur

took up the suo moto PIL for the conservation of the Thoubal river in February this year amid a clamour to save the Thoubal, an important river running in Thoubal district of the State, which has been badly polluted due to stone quarrying and sand mining in the upper stream of the river. The Thoubal River Conservation Committee (TRCC) has been campaigning for the conservation of the river since the last around two years with the active support of the people of the district. The use of excavators to dig up the soil underneath the river and wash it again at the same site has resulted in the river waters turning clayey since the past two years. The TRCC, along with the public, have also initiated agitations and bandhs against the 'sand mafia'.
