US urges North Korea to refrain from further provocation

Agency United States July 26,

The United States has urged North Korea to refrain from further provocation after Pyongyang test-fired two new short-range ballistic missiles. US State Department spokeswoman Morgan Ortugas told reporters in Washington yesterday that the USA still hoped for resumption of talks on North Korea's denuclearisation.

The spokesperson also urged the North Korean government to resolve all the issues discussed between US President Donald Trump and North Korean leader Kim Jong Un through diplomacy. Recently, North Korea warned that the talks with USA could be derailed if it refuses to scrap military exercise scheduled with South Korea for next month. Pyongyang carried out similar short-range launches in May.

Trump dismissed those tests as standard stuff that would have no impact on his relationship with Kim.

The Assam sprinter said that "people went crazy after eating the dal", the aroma of which had filled her room on Sunday. The 19-year-old said she and another Indian athlete Saritaben Gayakwad went to the market on Saturday and bought the sauce-pan and all the things required for preparing the dish. Virat Kohli-Rohit Sharma rift rumours: Latest Instagram activity adds fuel to fire

Agency New Delhi July 26,

Rumours about a rift between India skipper Virat Kohli and his deputy Rohit Sharma has been in the news ever since the Men in Blue failed to win the recent World Cup held in England and Wales. From talks of issues between the senior players to rumours that some senior members of the team were not happy with one cricketer breaking the 'family

clause', there have been stories making headlines every other day since July 9 when India lost to New Zealand in the semifinals. Although both Rohit and

Kohli have not spoken anything on the issue, the Supreme Court-appointed Committee of Administrators (CoA) said that the matter will not be taken into consideration unless the same is brought to them by the players themselves. A recent social media activity of Rohit though has added fuel to the reports of the rift between him and his skipper. The 32-year-old, who has not been following Kohli for quite some time now, has apparently "unfollowed" Anushka Sharma — wife of India skipper — on Instagram. What is more surprising is that Kohli still follows Rohit on the picture sharing website, but not his wife Ritika Sajdeh. Anushka also doesn't follow Ritika and Rohit on Instagram and same is the case with Ritika who doesn't follow the Indian skipper and his wife. There have been reports that there are two lobbies within the Indian dressing room — one of Kohli and the other of Rohit.
