Tears still wets the eyes of thousands after the dead body (decomposed) of the 8 years old baby Lungnilla Elizabeth, daughter of then Minister Francis Ngajokpa was found in a sack at Tera Sadokpam, Imphal West, on November 12. Source with the Imphal Times said that Th. Nando had been in the Ortho Ward for treatment of his Spinal cord related illness since November 26, 2018.. On February 8, 2019, he reportedly underwent surgery for the injury. His father Th. Subol Singh was allowed to stay with him for taking care

but some few days before Yaosang festival, 10 number of extortion notes and two mobile phones along with Sim cards were recovered from his possession while he was undergoing treatment inside the ortho ward. The source also added that the extortion notes were recovered after police search his bed after receiving complaint about extortion threat by a businessman from Imphal. Following that Th. Subol too have been arrested as he happened to be the only transporter for his son. Subol is in prison.

Top police brass, including the DGP of Manipur L M Khaute, rushed to the hospital and inspected the ward where Nando was lodged. While the DGP declined to give any comments on the incident, police have registered a case.

Nando's escaped is a threat to many people who had raised voice against him. He is known as one of the most dangerous gangster as he is reported to have excess for committing anti social crime while staying inside the Sajiwa Prison for 16 years. In June 2009, while in prison, Nando was arrested by police in connection with the killing of contractor Krishnadas after being abducted for ransom. In 2010 July also, he was interrogated by police with regard to a string of extortion incidents. In 2012, blasted a grenade at the residence of AMWJU President A Mobi. The latest being the extortion threat to a high profile businessman.

## Resident Doctors of RIMS ends strike and resume duty

IT News  
Imphal March 26,

The resident Post Graduate Doctors who were protesting in front of the emergency ward of the RIMS hospital from the 24<sup>th</sup> of March decided to end their cease work strike and resume their normal duty from 4 in the evening today. The resolutions to end the cease work strike was taken by the resident PG doctors during the visit by RIMS Director Prof. A. Santa Singh and Medical Superintendent Prof Ch Arunkumar who came to meet the protesting doctors around 2 in the evening and the authorities assured the demands proposed to them. Speaking to media person a protestor said that they have withdrawn their cease work

strike considering the arrest of the co-accused that physically assaulted the doctors and also the authorities assured the demands as proposed by the resident doctors who were on strike. He added that they also withdraw it as they considered all the inconvenience that has made to the people because of the strike for the past three days. He also appealed the people of the state not to be violent against the doctors and request the patient parties to go to the court to get justice if they thought that the doctors are negligent in their work. The doctor finally gives condolence to the family members of the deceased and added that they are not against the family members but only the violence and the misconducts.

It can be mention that resident doctors started the ceased work strike from Sunday as large number of people, family and relatives of a deceased person, stormed the emergency ward of RIMS hospital at Saturday night and allegedly assaulted three residential doctors on duty including a female doctor which was physically assaulted by the patient parties besides abusing them.

IT News  
Imphal, March 26,

With the arrival of the 39th Red Army Uprising Day, the day on which the Armed Wing of People's Revolutionary Party of Kangleipak (PREPAK), Red Army was established, that falls on March 26, 2019, Chairman of Military Affairs Committee (Red Army) conveyed revolutionary greetings to the people who are bearing the brunt of colonial pains under the colonial rule. In a message the Chairman also conveyed revolutionary greetings to the Army Wings of fellow revolutionary organizations of WeSEA including Kangleipak. In connection with the occasion of this significant day in the history of revolutionary movement of Kangleipak, the following statement is being issued to

the people. "The people of this region must not take lightly the Citizenship (Amendment) Bill 2016 which would lapse on June 3 this year after it had been passed by the Lower House despite united voice of protest and introduced in the Upper House that had been adjourned sine die without passing it. The main objective of the bid to enact this Bill in this region is that since Kangleipak was forcibly annexed by India in 1949 in total contravention of all international norms, its military power has failed to suppress the Kanglei people. This is a secret agenda to totally wipe out the entire Mongoloid communities by granting citizenship to the non-Muslim Hindu immigrants who entered the North Eastern region illegally from Afghanistan, Bangladesh and Pakistan, particularly from Bangladesh

so that the region could be turned into an Aryan Hindu land. In brief, the Bill is a population or genocide bomb to create a Hindu nation by destroying the traditions, culture and language of the Mongoloid people of the North East. After forcibly annexing Kangleipak in violation of the provisions laid down in the Indian Independence Act, 1947 (ii a), United Nations Charter, 1945 and international customary laws, India has tried repeatedly to ensure that Kangleipak won't be able to rise again as a distinct nation. Ever since the then Chief Commissioner, Himmat Singh had removed the permit system that prevented outsiders from entering Kangleipak in November of 1950, there has been endless influx of migrants into Kangleipak

thereby causing today's big issue of immigrants. AFSPA was enforced in some areas of the hills in 1958 and this Military Act was imposed throughout Kangleipak in 1980. Before the British occupied Kangleipak in 1891, the then Calcutta High Court in its ruling declared Kangleipak as one of the independent countries in Asia. After the British occupied Kangleipak, as per Section 7(1) (b) of the Indian Independence Act passed by the British Parliament in 1947, independence of all Princely States under the British including Kangleipak was recognized. According to the Act, the independence of the Princely States was strengthened by several judgments passed by the apex court of Indian Judiciary, Supreme Court. (Contd. on Page 4)
