Imphal, Oct 30

As reported in various International media Yambem Biren and Narengbam Samerjit who claimed as representatives of State of Manipur's King Leishemba Sanajaoba announced before media in London that they were speaking on behalf of the Maharaja of Manipur High Highness the Leishemba Sanajaoba to formally launch the exiled government – the Manipur State Council. The exiled government will be based in Central London. They produced a document showing that His Highness the Maharaja of Manipur had authorised them by the Order No. 12 of 2013 dated the March 15, 2013 to solve the political problems of the State of Manipur. Both of them confirmed that they have already sought asylum in the United Kingdom in September 2019, fleeing persecution and repression by the Indian state as declaring independence in India would have led them to being arrested and killed arbitrarily by the Indian security forces.

Whatever statement they had announced is waging of war against the government of India and following that all activities have to be put on hold. Moreover the titular king of Manipur Leishemba Sanajaoba in a press meet had stated that he had no idea of what Narengbam Samerjit had announced. he said that they only came for getting recognition as representative of the King for collection of historical materials from the British Museum.

As reported in foreign media Samerjit and Biren was

quoted as saying "We believe that now is the right time to make public the Independent Government of Manipur before the international community to announce our independent status and to seek recognition. We call on all the Governments of the sovereign states of the United Nations for their recognition of the de jure and exile Government of the Manipur from today onwards. The three million Manipuri people want recognition as one of the precious native nations. Our attempts to engage with the Indian govt were met with hate and hostilities." This statement is a direct threat to the Government of India.

They declared: "The Manipur State Council is His Highness's Government, the Maharaja of Manipur Leishemba Sanajaoba who is the Maharaja/King of Manipur. His Highness is the constitutional head of the State. Manipur is a constitutional Monarchy ruled State and the sovereign of the King of Manipur is Divine of God." They said that Manipur is being ruled through draconian laws by the Indian occupation government "under the Republic Constitution of India including Arms Forces (Special Powers) Act 1958". They said that thousands of people have been killed since the occupation of Manipur. Nearly 4500 have been killed unlawfully in the last 10 years and more than 1500 are in prisons in illegal custody. The total loss of life stands at around 15,000 in the last few decades, they said referring to a BBC report

which had unearthed the scale of unlawful killings and human rights violations. They said: "There are more than 1,528 cases of the extrajudicial killing which are pending in the Supreme Court of India. They victim were killed without trial of law. Indian army forces kill the people of Manipur with impunity. The Manipuri human right activist from Charu Sharma, known as the 'Iron Lady of Manipur', started protest fasting for 16 years against the controversial Armed Forces (Special Powers) Act and human rights abuses. The brave women of Manipur staged nude protests in front of the Indian Army centres to condemn inhuman torture and killing of innocent people of Manipur."

The state of Manipur is a de jure government formed in Manipur under the Manipur State Constitution Act 1947. It received independence from the British Raj on 14th August 1947. They said that the sovereign State of Manipur was excluded from India [Indian Empire] by the Order in Council by His Majesty on 27 December 1946 and the Indian Government annexed Manipur State of India by violation of the Act 1949. They said they believed in obtaining our objectives through peaceful and democratic means. There are many armed groups fighting the Indian forces for the restoration of independence of Manipur from India, they said, giving a long list of their demands including the rights of tribal people, removal of Indian forces from their land and restoration of sovereignty.
