## Chief Minister N. Biren Singh to sent officials to inspect Manipur Rajbari, Shillong

IT News  
Imphal, Sept. 25

Chief Minister N. Biren Singh has said that an official team would be sent to Shillong to inspect the present condition of Manipur Rajbari. He was speaking to media persons on the sideline of joint Meeyamgi Numit and Hill Leaders' Day at Durbar Hall of Chief Minister's Secretariat today. The Chief Minister said that there are some issues due to encroachments on Rajbari complex. As such, he had talked to Meghalaya Chief Minister Conrad Sangma adding that development of the place associated with the history of Manipur would begin soon with funds from the State budget once this issue is sorted out. Stating that activities regarding Green Manipur Mission are going on in full

swing, he said that mass tree plantation would be done at Koubur range. On the other hand, DGP L.M. Khaute had been entrusted to discuss with different Civil Society Organisations to chalk out a plan to replace poppy plantation by an alternative livelihood and mass tree plantation, he said. N. Biren Singh further informed that CSOs of Senapati district had approached him to join hand in mass destruction of poppy plants. He further informed that the State Government would ink an MoU with 207 villages of Ukhrul district which are ready to reserve 5 to 10 acres of their village land for forest development under Chief Minister's Green Manipur Mission. Responding to a query regarding Nambul Rejuvenation Project, the Chief Minister said that the Centre had sanctioned Rs. 15 crore for the second phase of

the project, which would be taken up at an estimated cost of around Rs. 500 crores. During today's joint Meeyamgi Numit and Hill Leaders' Day, Brand Ambassador for CM's Green Manipur Mission Valentina Elangbam along with her parents met the Chief Minister for the first time. The Chief Minister welcomed the nine-year-old girl and encouraged her to keep on encouraging people to plant more and more trees. Valentina and her parents also expressed their profound thanks to the Chief Minister for acknowledging her love for trees. N. Biren along with Valentina also distributed saplings to visitors. The Chief Minister heard around 360 complaints and met around 1000 people from 9.15 am to 1 pm. Around 1500 tree saplings were distributed to the people who turned up to highlight their grievances

on joint Meeyamgi Numit and Hill Leaders' Day. The saplings included Champaka (Leihao), Jackfruit (Theibong), Indian Olive (Chorphon), Yellow Myrobalan (Manahi), Arjuna (Mayokpha), Indian Gooseberry (Heikru) and Tree Bean (Yongchhak). Chief Minister appealed the people to plant more trees and nurture them in their vicinity. The Chief Minister also presented a wheel-chair to a 23-year-old differently-abled person hailing from Wanging Cherapur. He also directed the officials to enroll him under Chief Minister's Merginsti Sotharabashing-gi Tengbang, which entitles a monthly pension of Rs. 1500 per month. Later, N. Biren also handed over CMH card to a couple from Noney, whose all four children are deaf and mute. He also asked the officials concerned to admit all the four children at Government Deaf and Mute School, Takyel.

## No question of leadership change; N. Biren Singh has been chosen as leader of the BJP and patronized by Central Leaders

— Vungzagin Valte

IT News  
Imphal, Sept 25

In a setback to the dissident MLAs, who are camping for over 3 months demanding change of Chief Minister N. Biren Singh, MLA of the Thantlon Assembly Constituency Vungzagin Valte today said that there is no possibility of leadership change of the State government as the present Chief Minister N. Biren Singh has been chosen as leader of the Party and patronized by the BJP Central leaders. Talking to media persons at Manipur Press Club today Vungzagin Valte said, "I have been told by some MLAs that there will be change of leadership of the State

government. I tried to confirm from the central leaders, but could not. It has been realized that there is no possibility of leadership change of the State Government". Valte said that Chief Minister N. Biren Singh has been performing good and the example is that he has been awarded the best Chief Minister of BJP-ruled states in the country. "The economic growth, infrastructure development and revenue collection in the State are remarkable achievements under his leadership with a short span of his term as Chief Minister. It will be at the best interest of the Party and BJP-led government in Manipur to fully support and cooperate in

the leadership of N. Biren to make his hand strong to serve the state with more energy. Also I am one of the best performers in the Lok Sabha Election, 2019 and Membership mobilization", Valte said. He further added that he have full confidence to the central leaders of BJP and added that he will go by the decision of the party leaders as a loyal karyakarta of the party. The central leaders of the party have full confidence in the leadership of N. Biren Singh, he said. He further said that the present political crisis is just wastage of the valuable time of the elected leaders and it will bring nothing prosperous for the state.

## Properties worth around 10 Lakhs destroyed in fire accident

IT News  
Imphal, Sept 25,

8 rented rooms of Sagolband Ingudam Leikai, Imphal West, were burned to ashes destroying properties worth around Rs. 10 lakhs. The fire broke out at around 1.45 pm today. The root of the fire is expected from a short circuit or gas cylinder leakage. 2 LPG cylinders were exploded one after another.

## Kangla FB group welcomes World Record holder for pencil lead carving of 27 letter of Meetei Mayek

IT News  
Imphal, Sept 24

Kangla Inat Yokhat Lup (Kangla Facebook group) today welcomes Athokpam Right Kumari Devi for entering in the infinity book of World record regarding pencil lead carving of the 27 letters of Meetei Mayek alphabet. The event was held today at Yum and Hills Luwangshangbam. Athokpam Right Kumari wife of Soibam James from Lamshang Thong Maning holds her record on September 10, 2019 for creating pencil lead carving of

English alphabets in 7mm and 1mm breadth, number 1 to 100 in 3.2 cm length with 0.2 cm diameter and 27 letters of Manipuri language Meetei Mayek in 14mm length and 2mm breadth. Right Kumari also holds record in future Kalam's Books of record for the same pencil carving on 25 August

2019. Further the Facebook group also wishes and encourage Haobijam Surjit meetei who will participate in the global peace march to Geneva. Speaking to media persons member of Kangla Inat Yokhat lup Yumkhaibam Ibomcha said that the group congratulated and appreciated the two for their works in bringing forth the land to the global world. He further urged to keep inspiring the people with their tremendous works for the people. Later an appreciation certificate was also handed to Athokpam Right Kumari.

## RIMS X-Ray equipment sealed; 10 other warned

IT News  
Imphal, Sept 25

In an embarrassment to the Regional Institute of Medical Sciences (RIMS), one Medical Diagnostic X-Ray equipments of the Institution has been sealed by a team of Atomic Energy Regulatory Board (AERB) after inspection today. 10 other Medical Diagnostic X-Ray equipments have been warned to seal if the RIMS authority failed to procure license for operation within 30 days from today. The AERB team yesterday paid

a surprise visit to 3 private run hospitals which have the Medical Diagnostic X-Ray. Of the three only one run by the Babina Clinic was found following the regulations, but two others including the one at Langol View Clinic were warned to seal if they fail to procure license.

"For violation of Rule 3 of the Atomic Energy (Radiation Protection) Rules, 2004 under Section 16 & 17 of the Atomic Energy Act, 1962. This Medical Diagnostic X-Ray facility is sealed till further order", this was paste at one of the ray room at RIMS which was sealed by the team.

## PLA celebrates 41st Raising Day; RPF President Chaoren re-iterated the needs for revolutionary movement

IT News  
Imphal, Sept 25

Army wing of the Revolutionary People's Front (RPF), People's Liberation Army (PLA) today observes its 41<sup>st</sup> Raising Day today. The raising day of the armed rebel group waging war against the government of India for the restoration of the sovereignty of the erstwhile Kingdom was held at the General Head quarter of the PLA, Tactical Command, Strategic Command, 252 Mobile Battalion and other army unit, department, stations and also at the Central Bureau - SR 1, SR-2, SR-3 and SR-4 by hoisting the Party flag and also by honouring the martyred army who sacrificed for the cause of the freedom of the region. A statement of the outfit signed by Roben Khuman, Secretary, Publicity, Revolutionary People's Front

(RPF) said that the 41<sup>st</sup> Raising day of the PLA was celebrated along with the people of the region at its Division 2,4,6,8, and 10 with festoons of the PLA which have Red Star. The Raising day was also celebrated at different parts of the state, Roben Khuman added. The statement further said that, President of the RPF sent greetings to the people of the state in connection with the 41<sup>st</sup> Raising Day of the PLA. In his message I. Chaoren said that freedom, democracy and development are interconnected pillars of a society. A society will be peaceful, progressive and respected only when these pillars are healthy. Such social conditions remain elusive in Manipur because of the meaningless freedom, pseudo-democratic government and cosmetic development. "If we study the degenerated

conditions of Manipuri society during the past 70 years since Manipur was annexed by India, it is highly questionable how long Manipuri society will survive. We, the present generation, must explore an answer to this question otherwise our society will sink in a sea of foreign elements and nobody will believe Manipur once existed as a distinctive, glorious nation for several centuries", Chaoren said. He said that this situation demands intensified revolutionary activities but the vast majority of the people have set their eyes only on individual prosperity or self-aggrandisement without sparing a single thought about what would be the future of Manipur. "It appears that a large number of our people have been leashed by politicians who are more happy to live under the shadow and

blessings of their political bosses sitting at Delhi. But many patriots convinced themselves Manipur can never prosper under the colonial rule of India and built a revolutionary movement. They soon started an armed freedom movement to free Manipur from the colonial yoke and establish selfrule. It is this revolutionary movement which has been somehow keeping alive our people's spirit for freedom in the face of India's persistent attempts to destroy it completely and for good", he added and said that local politicians who have the audacity to assume the freedom of India as Manipur's freedom have been unleashing all kinds of repressive measures against freedom-loving people to suppress the revolutionary movement in connivance with Government of India. Irengbam Chaoren also

unveiled how the local politicians are mobilising people to work against the revolutionaries. "Local politicians have been creating pseudo revolutionaries with a nefarious intention to impede the Paojel-190925/TL RPF Page 2 of 4 revolutionary movement and project the revolutionary groups in wrong light by blaming the genuine revolutionary groups for all the anti-social and criminal activities carried out by the pseudo revolutionaries". Chaoren also points fingers to some people and intellectuals who work in media houses or take part in analysing news and events at electronic media houses saying that these people misinformed the public about the revolutionary movement thereby helping create confusions as a part of a larger conspiracy. Regarding the Abrogation of

Article 370 and 35 A from Jammu and Kashmir Chaoren said that What happened to Jammu & Kashmir last month happened to Manipur 70 years ago and the right for self-rule was forfeited. He said it was on October 15 Indian colonial rule was imposed on Manipur for the first time. Soon after the deceitful annexation, people started observing October 15 as Black Day and it also sowed seeds of a liberation movement which ultimately gave birth to today's armed revolutionary movement, Chaoren added. On the peace talk with different armed group, Chaoren said that India will never succeed in working out a community based solution to the Naga people's demand for a greater Nagaland and Kuki people's aspiration to create an exclusive homeland. Moreover, demanding community based

independence will certainly mean creating more enemies because their demand cannot be appropriated within the neighbouring states which have well defined boundaries. These days, different communities live within the territories of neighbouring countries as bonafide citizens. If these communities work to create a country of their own out of the country where they are living, there will be no place on earth which would be free from conflicts. No country assumes such independence movement as worthy of extending support. Even after knowing this fact well, India has been deceiving the Naga people as well as Kuki people to believe in falsehoods with an evil intention to use the armed groups as tools for creating animosity among different communities living together in Manipur. India must put an end to such evil activities immediately.
